

Schedule of the Marine Acoustics Laboratory seminars – 2024/2025

<i>Date</i>	<i>Presentation title</i>	<i>Speaker</i>	<i>Venue</i>
14.11.2024	What environmental information is contained in ocean ambient noise	Zygmunt Klusek	Large Seminar Room, IO PAS
21.11.2024	Internship in Bottlenose Dolphin Research Institute in Spain	Zofia Kurcewicz	Large Seminar Room, IO PAS
28.11.2024	Magnetometric surveys as a supplement to sonar measurements during detection of anthropogenic objects on the seabed	Miłosz Grabowski	Large Seminar Room, IO PAS
05.12.2024	Whether the world would look the same if one were not there to observe it (fish avoidance of research vessels)? – part 1	Natalia Gorska	Large Seminar Room, IO PAS
12.12.2024	Whether the world would look the same if one were not there to observe it (fish avoidance of research vessels)? - part 2	Natalia Gorska	Large Seminar Room, IO PAS
19.12.2024	Sound transmission loss calculations - BELLHOP software	Madugeta Vidanamesthrige Pavani Vithana	Large Seminar Room, IO PAS
09.01.2025	The relationship between underwater noise and wind-wave parameters in the semi-enclosed area near Gotland	Agata Dragan-Górska	Large Seminar Room, IO PAS
16.01.2025	The impact of an oil spill in the area of the s/s Stuttgart shipwreck on benthic habitats within its vicinity.	Patrycja Nowakowska	Large Seminar Room, IO PAS
23.01.2025	Hydroacoustic identification of Baltic herring and sprat	Aleksander Żytko	Large Seminar Room, IO PAS
